FACTS

(Note: The question of monetary quantum is beyond the scope of this moot problem and participants are advised not to discuss related issues.)

1. Leaf Green Resorts have substantially outperformed its competitors in the years 2016, 2017 and 2018 due to their excellence coupled with Kanto being a popular tourist destination. Based on extensive research carried out by its management and potential growth in future with increasing demand, the Board of Directors decided to expand its chain of hotels within Kanto with an addition of a modern luxury hotel along the coastal lines of Kanto with immediate sea access in December 2018. Leaf Green Resorts acquired the required land at a premium with the intention of opening the hotel to the public as soon as possible.
2. In January 2019, representatives of Leaf Green Resorts negotiated with Ruby Developers, regarding their requirement to develop a luxury beach hotel in Kanto including 500 rooms and all luxury amenities and modern facilities (“Project”). After several discussions between the parties, Leaf Green decided to enter into a formal contract with Ruby Developers as they were able to satisfy Leaf Green Resorts on their ability complete the development of the project as required within the stipulated time frame.
3. On 1st of February 2019, the parties entered into an agreement which follows a standard form of contract suggested by the Construction Authority in Kanto for use on large scale complex contracts involving the developer’s services to design out of or in connection with or touching or concerning the execution or maintenance of the works in this contract, or on the interpretation thereof or on the rights, duties, obligations, or liabilities of any of the parties thereto or on the operation, breach termination, abandonment, foreclosure or invalidity thereof, shall be finally settled by arbitration after written notice by either party to the Contract to the other for a decision to a sole arbitrator to be appointed as hereinafter provided.

and build (The general clauses are similar to FIDIC form of contract - Fédération Internationale Des Ingénieurs-Conseils). The Contract includes Arbitration and Force Majeure clauses and the Agreement is Governed by the Law of England and Wales. The Arbitration Clause is not in the FIDIC Form (Annex)

4. As per the Agreement, Leaf Green Resorts paid 40% of the total contracted sum in advance. Thereafter, subsequent to the designs and plans being approved - Ruby Developers immediately commenced its development activities on the 25th February 2019. While the project was required to be completed by 20th January 2021 in terms of the Agreement, Leaf Green Resorts intended to accept reservations for guest stays from February 2021 onwards.
5. For the first several months, Ruby Developers successfully completed their targets within the time frame set out in the Agreement and certain aspects of the development was completed ahead of the schedule. Leaf Green Resorts settled the required payments in a timely manner in terms of the Agreement.
6. In December 2019, it was identified that Ruby Developers were not in compliance with certain minor requirements of Leaf Green and also was not acting in line with the timeline agreed upon. Consequent to a request for extension of time by Ruby Developers, Leaf Green Resorts extended the date of completion by one month.
7. By January 2020, approximately 50% of the development activities had been completed and Ruby were carrying out the construction in terms of the time lines

out of or in connection with or touching or concerning the execution or maintenance of the works in this contract, or on the interpretation thereof or on the rights, duties, obligations, or liabilities of any of the parties thereto or on the operation, breach termination, abandonment, foreclosure or invalidity thereof, shall be finally settled by arbitration after written notice by either party to the Contract to the other for a decision to a sole arbitrator to be appointed as hereinafter provided.

agreed upon. Leaf Green Resorts commenced promotion and marketing activities with regard to its new and upcoming beach hotel and accepted reservations from tourists around the world for stays from March 2021. The widespread publicity resulted in a massive inflow of hotel reservations leading to all its rooms being booked for the months of March, April and May 2021.

8. While minor incidents of COVID-19 were reported within Kanto in February 2020, the WHO - deeply concerned both by the alarming levels of spread and severity of the virus and by the alarming levels of inaction, made the assessment that COVID-19 can be characterized as a pandemic in March 2020.
9. Following this, the government of Kanto in order to safeguard its citizens locked down the country in the months of March, April, October and November. Notwithstanding the

effects of the lockdown, the country operated in its regular manner during the other months while adhering to health and safety protocols. However, quarantine restriction on foreigners arriving in Kanto was in place till December 2020.

10. By early December 2020, over 80% of the project was completed, However, Ruby Developers were not within the stipulated time frames and in compliance with targets as per the Agreement. Following the engineer's reports, the management of Leaf Green Resorts determined that the project cannot be completed within the time period agreed upon i.e., February 20, 2021.
11. Ruby Developers stated that:

out of or in connection with or touching or concerning the execution or maintenance of the works in this contract, or on the interpretation thereof or on the rights, duties, obligations, or liabilities of any of the parties thereto or on the operation, breach termination, abandonment, foreclosure or invalidity thereof, shall be finally settled by arbitration after written notice by either party to the Contract to the other for a decision to a sole arbitrator to be appointed as hereinafter provided.

- (a) The project had come to a standstill due to the lockdown for over four months and therefore Ruby were entitled to a corresponding extension of time; and
- (b) Project was delayed as 4 major high-powered, speed passenger lifts and 3 heavy-duty service lifts were not shipped and brought to the site of construction within time and that has caused the extended delay even during the months where the Country operated normally without a lockdown. The vessel and its crew being quarantined was cited as the reason. As such, Ruby Developers notified Leaf Green Resorts that they intended to claim a further extension of time for completion of the project.
- (c) Not being satisfied with the state of development, Green Leaf Resorts proceeded to immediately terminate the contract with Ruby Developers and proceeded to obtain services of another developer, 'Sapphire Constructions' to complete its hotel in time ahead of its grand opening in order to cater to its customers. However, the hotel is only expected to be completed by June 2021.
- (d) Ruby Developers took steps in terms of the Arbitration clause in the Agreement and on the 25th of February 2021, they filed a notice of arbitration to the Kanto International Arbitration Center in accordance with its rules (identical to the

UNCITRAL Arbitration Rules as revised in 2010). Ruby Developers claimed for the following reliefs:

out of or in connection with or touching or concerning the execution or maintenance of the works in this contract, or on the interpretation thereof or on the rights, duties, obligations, or liabilities of any of the parties thereto or on the operation, breach termination, abandonment, foreclosure or invalidity thereof, shall be finally settled by arbitration after written notice by either party to the Contract to the other for a decision to a sole arbitrator to be appointed as hereinafter provided.

- a. A declaration that Ruby was entitled to an extension of five months due to the pandemic situation and the resultant lockdown of Kanto;
 - b. An Award directing Green Leaf Resorts to pay Ruby Developers US\$ 4,865,400.00 with relevant taxes which sum included the payment for work already carried out and damages.
 - c. Interest; and
 - d. Costs of arbitration;
- (e) Leaf Green Resorts denied the claims by Ruby Developers and filed its Statement of Defense seeking the following reliefs:
- a. Dismissal of Ruby's Claim;
 - b. an Award directing Ruby Developers to pay Leaf Green Resorts US\$ 6,000,000.00 as damages;
 - c. Interest; and
 - d. Costs of arbitration;
- (f) During the course of the arbitration, Ruby Developers was led to understand through external sources that the Arbitrator proposed by Leaf Green Resorts have continuously been proposed as an arbitrator in several other arbitrations in which Leaf Green Resorts or associate companies were parties and Leaf Green Resorts and their associate Companies were represented by the same Firm of Attorneys at the said Arbitrations (who were incidentally representing Leaf Green Resorts in the present arbitration). AS such, Ruby made a separate application that there is apparent bias in respect of the Arbitrator appointed by Leaf Green Resorts.
- out of or in connection with or touching or concerning the execution or maintenance of the works in this contract, or on the interpretation thereof or on the rights, duties, obligations, or liabilities of any of the parties thereto or on the operation, breach termination, abandonment, foreclosure or invalidity thereof, shall be finally settled by arbitration after written notice by either party to the Contract to the other for a decision to a sole arbitrator to be appointed as hereinafter provided.
